About us

The Green Hummingbird Climate Action Initiative is a registered environmental conservation organization that was established in 2020. The purpose of this movement is to engage in various activities that contribute to the conservation of the environment while tackling the climate change challenge.

Our Vision

To be the leading climate change agent in Kenya and beyond.

Our Mission

To undertake initiatives geared towards conservancy as we influence, nurture and inspire environmentally conscious and responsible generations.

Our Programs

1. Tree Nursery establishment and management
2. Environmental Clean-up
3. Capacity building and psychosocial support
4. Ruai Sewer Plant Restoration
5. Tackling Ocean Plastic Pollution
6. Protecting Sea Turtle
7. Mangrove Restoration Plan
8. Colobus Monkey Conservation
